ACTIVE CONSTITUENT:  
200g/kg MANCOZEB

## GROUP Y FUNGICIDE

For the control of potato  
seed piece decay in cut  
'seed' potatoes

10 Kg 25 Kg

Kendon Plant Care Pty Ltd  
10 Abbott Street, Fairfield VIC. 3078 Ph: (03) 9497 2822  
AN AUSTRALIAN OWNED COMPANY.

### DIRECTIONS FOR USE :

CROP	DISEASE	STATE	RATE	CRITICAL COMMENTS
Cut seed Potatoes	Seed piece decay	SA, WA, TAS & VIC only	200g/100Kg seed or 2Kg/Tonne	Apply pre-planting. Dust liberally to cover all surfaces. Use certified seed and sterilize cutting knives in disinfectant.
		QLD & NSW only	200-400g/100g seed or 2-4Kg/Tonne	Do not plant treated seed in cold wet soil.

**NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION**

### GENERAL INSTRUCTIONS:

As per 'DIRECTIONS FOR USE' above. Rate of application can vary depending upon size of cut pieces.

### FUNGICIDE RESISTANCE WARNING

## GROUP Y FUNGICIDE

For fungicide resistance management **KENDON POTATO DUST Fungicide** is a Group Y Fungicide. Some naturally occurring individual fungi resistant to the product and other Group Y Fungicides may exist through normal genetic variability in any fungal population. The resistant individuals can eventually dominate the fungi population if these fungicides are used repeatedly. These resistant fungi will not be controlled by this product and other Group Y Fungicides, thus resulting in reduction in efficiency and possible yield loss. Since the occurrence of resistant fungi is difficult to detect prior to use, Kendon Plant Care Pty Ltd accepts no liability for any losses that may result from the failure of this product to control resistant fungi.

### PROTECTION OF LIVESTOCK:

Treated seed is to be used only for sowing. Treated seed tubers not used for sowing must be destroyed. Do not use treated seed potatoes for food or feed purposes. Treated seed potatoes must be stored apart from other potatoes and bags or containers must be clearly marked indicating that the contents have been treated with **KENDON POTATO DUST Fungicide**.

### PROTECTION OF WILDLIFE, FISH, CRUSTACEA, THE ENVIRONMENT & OTHERS

Dangerous to fish. DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

**STORE AND DISPOSAL:** Store in the closed original container in a dry, cool, well ventilated area out of direct sunlight. Shake empty bag into dusting container. Puncture or shred and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specially marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should be burnt.

**SAFETY DIRECTIONS:** May irritate the eyes, nose, throat and skin. Avoid contact with eyes and skin.

Do not inhale dust. Wash hands after use.

**FIRST AID:** If poisoning occurs, contact a doctor or Poisons Information Centre Ph: 13 11 26. Avoid giving alcohol.

**MATERIAL SAFETY DATA SHEET:** Additional information is listed in the Material Safety Data Sheet.

**CONDITIONS OF SUPPLY:** The product as supplied is of high grade and believed to be suitable for any purpose for which is expressly supplied and must be used in accordance with the directions for use given on this label. No responsibility is accepted in respect of this product save those non-excludable conditions implied by the Trade Practices Act or any applicable State Legislation.
