DIRECTIONS FOR USE

SITUATION	VOLUME	CRITICAL COMMENTS
Spray Marking	Boom: 100ml / 100L Backpack: 10ml / 10L	Suitable for use with both liquid and powder herbicide products and can be used to help identify sprayed areas.
Foam Markers	25ml - 50ml / 100L of foam marker diluted mixture	When a coloured foam is required for foam markers, add at the recommended rate to dilute foam mixture. Use the higher rate for deep blue foam colour.

NOT TO BE USED FOR ANY PURPOSE OTHER THAN INDICATED ON THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION

GENERAL INSTRUCTIONS

A blue marker dye to assist in the identification of sprayed areas. A convenient, economical method of minimising spray wastage. When used as a foam marker colouring agent, white foam will become blue in colour to assist identification.

MIXING INSTRUCTIONS

To achieve thorough mixing, premix **KDPC Marker Dye Blue** with water in ratio 1:10 before addition to spray tank or knapsack.

Add premix solution to spray tank first and follow with water to half fill tank. Add other ingredients under agitation followed by water to top up tank. Wash out all spraying equipment thoroughly after use as product residue can cause discolouration of subsequent sprays.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with chemical or used containers.

STORAGE AND DISPOSAL

Store in the closed, original container in a dry, cool, well ventilated area out of direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility.

If an approved waste management facility is not available, bury the empty packaging 500mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with the relevant Local, State or Territory government regulations.
Do not burn empty containers or product.

SAFETY DIRECTIONS

KEEP OUT OF REACH OF CHILDREN. Do not swallow. Avoid contact with eyes and skin.
Do not inhale spray mist. Wash hands after use.

FIRST AID

If poisoning occurs, contact a Doctor or Poisons Information Centre.
Phone Australia 13 11 26.

SAFETY DATA SHEET

For further information refer to the Safety Data Sheet (SDS) which is available from the supplier.
